

We are SecureWais, a specialist security company with its roots beginning in South Africa in 1989, we then grew and established our UK operation in North London, in 1994.

With more than twenty years' service offering bespoke Security solutions, we are one of only a handful of security providers with our own Computer Software and IT division which means, we offer enhanced capabilities, responsiveness, security, costings and efficiency.

Due to the expansion of our business and our additional new client projects, we have some exciting new vacancies for;

Service/Maintenance, Call-out and Installation Engineers

Successful candidates will have a minimum of **2 years** of Installation, Commissioning and Fault-Finding experience in delivering **CCTV, Access Control, Intruder Alarm** and PPM projects and services from start to completion.

In addition, the candidate shall have either a **CSCS or ECS card**, be proficient in both spoken and written English, and have recent relevant experience.

Our Clients are all London City and / or West End based, as such we do not use vehicles.

You will be fully engaged and busy from the first day and we guarantee there will never be a dull moment.

We are a family-friendly company, with competitive salaries, 20 days annual leave and a offer an employee shares scheme.

If you feel that you meet our criteria and **want an exciting and challenging role** where you can **enhance your skills** and build a **long-term career**, then this role is for you!

If you would like to apply; please email your CV to; victoriakerr@securewais.com
