

Service Engineer –

Security systems / CCTV / Access Control

Location	London
Salary	£26000 - £29000 per annum
Duration	PERM
Start Date	ASAP

SecureWais are a specialist security company with more than twenty years' service offering bespoke Security solutions. We specialize in custom-built Integrated Security Systems including; - Entryphone, Closed Circuit Television, Intruder Alarms and Access Control.

We are currently seeking a Service Engineer, who will be responsible for the comprehensive maintenance and servicing of a range of systems including IP CCTV, Access Control and Entry phone systems to sites in and around London City and the West End.

Duties & Responsibilities:

- Carry out planned maintenance of Security systems, including repairs, fault-finding and installation
- Provide a reliable, courteous, efficient and effective service.
- Participating in the out of hours callout rota (approx. 5-6 times per year). Incentives apply.
- Follow H&S legislation & guidance.
- Complete appropriate administration and maintain accurate records.
- Extra hours/over time may be available, if interested
- Communicate effectively and provide an excellent customer service at all times
- There is a set probationary period (6 months).

Skills & Qualifications:

- Minimum 2 years' relevant experience in Security Systems Installations and Maintenance of Integrated Access Control, CCTV, Entryphone & Intruder Alarm Systems.
- Hold either a CSCS or ECS card
- You will be able to communicate effectively and be a good problem solver.
- Security screening carried out for various sites, so a clean criminal record is a must.
- Be adaptable and a strong team player, as you will work closely alongside team of other engineers

Holiday and Benefits:

- Holiday leave entitlement will be 20 working days per year (excluding bank holidays)
- Monthly travel card expense is paid for.
- A mobile phone is supplied and paid for by the Company.
- **Employee bonus scheme incentive exists for loyalty of service.**
